SKILLS AND ABILITIES

Successful developing new IP as well as jumping in & matching existing brand styling.

Demonstrated understanding of the brands and the competitive environment as it relates to toy products. Passion for well designed play no matter the demographic!

Collaborate well with Structural Engineering, Marketing, Quality Control and Product Development teams as well as overseas agents.

Experience providing art direction and feedback to diverse network of freelancers and consultants.

Able to strategize and collaborate to create innovative design solutions in line with company priorities.

Expert in Adobe Creative Cloud- a well-rounded designer with an ownable aesthetic, focus on design quality, story-telling, and most of all fun! I am always excited to learn something new or solve the next problem.
